## TEST PLAN: INSTAGRAM LIKE FEATURE ON POSTS

### 1. Objective

To verify that the Like functionality on Instagram posts works as expected across different scenarios.

### 2. Scope

In Scope:

- Like/Unlike button on Feed posts
- Like count increment/decrement
- UI state of Like button

Out of Scope:

- Like on Reels, Stories, and Comments
- Double-tap to Like gesture

### 3. Test Environment

Device: iPad 9th gen iOS 26.5.2

App Version: Instagram v441.0.0

Network: Wifi

### 4. Test Schedule

Start Date: 9 Aug 2026

End Date: Aug 2026

Tester: riana

### 5. Test Cases Summary

Total Test Cases: 10

Executed: 10

Passed: 8

Failed: 2

| TC ID                 | Priority | Type            | Status | TC Title                                          | Test Steps                                               | Data                      | Expected Result                                                                                  | Actual Results                                                                                                                  | Environment                                          |
